- Global Industry exc. Tech	£71,807	£39,962	£101,731
- Global Industry – Tech	£70,970	£39,795	£125,691
<b>Impact</b>	£61,365	£40,000	£96,862
<b>Overall mean</b>	<b>£73,433</b>	-	-

# Engage with us

---

Our career employment events are tailored to your recruitment and selection needs. The School's high-calibre students and alumni are highly sought after in the global recruitment markets. To recruit students, our partners use various engagement strategies, from online job postings to dedicated campus events.

## Virtual

### **Posting job vacancies and view student profiles**

You have the ability to post vacancies, view student profiles and download student resume books through our online Careers platform: OSCAR.

### **Webinars**

Employing interactive webinars has proven to be a very popular and cost effective method of engaging with students. It allows you to talk more about your company, any job opportunities, and the company culture to capture student interest and promote your brand.

## In Business

### **Company treks and visits**

We are able to organise groups of students to visit your offices to gain a better understanding of your business and culture.

### **Internships**

We actively promote internship opportunities to our students allowing you to gain valuable talent insights over an 8–12 week period starting in July.

### **Strategic Consulting Projects (SCPs)**

Many businesses need strategic insights into a business problem. We can support you to gather a group of students who can help you solve this.

## On campus

*Subject to the latest government guidance*

### **Company presentations**

This gives you the chance to provide further business insight and talk about your career opportunities.

### **Networking session**

Following the presentation – this gives you the chance to speak more informally with students and for them to get to know you.

### **Attending careers fairs**

We host sector tailored careers fairs with typically 15-20 clients that give you the opportunity to meet with our students more informally.

### **Case studies**

Some clients like to test students' thinking and skills by setting a case study on a project or a particular scenario they might encounter in day-to-day working life.

### **One to one coffee chats**

These are useful if you review our Resume Book or ask students to submit a CV to you. We can schedule a time for you to speak one on one with students who you feel have the skills/attributes you are looking for.

### **Networking lunches**

We can organise a networking lunch for a select group of students you would like to engage with (using our resume book may help with selection).

**Contact our Career Development Centre to discuss further**
